# 2024 ANNUAL REPORT

SOLIDARITY  
THROUGH FOOD

## Highlights from 2024

### In 2024, FFA played a crucial role in enhancing food security and promoting healthy eating in DC.

The organization has established a comprehensive referral system to assist the most vulnerable homebound residents. During the year, FFA received 222 new referrals from local caseworkers, many of whom sought special diets for clients with chronic health conditions. Today, FFA caters to

the health, religious, and cultural needs of 28% of its homebound clients by providing tailored dietary options.

Additionally, FFA launched a heartwarming initiative to provide weekly packed lunches to homeless individuals at the MLK Jr. Library in downtown DC. The program's most profound outcome has been a rekindled sense of community spirit. Participants now gather to share meals, tips, and advice. Through the year, we have provided 1,800 packed lunches, nourishing both body and soul, and creating a space for connection and support.

Finally, FFA began its garden program at The Ritz in NW DC, training residents to grow culinary herbs in their apartments. The participants were excited to start growing some of their own food at home.

**For every \$1 donated, FFA delivers \$7 of services.**

This added value is possible with 525,000 pounds of donated food (valued at \$892,500) and 15,000 volunteer hours (valued at \$375,000) provided in 2024.

**FFA's program is not just about food; it is about maintaining hope and stability for people who need it most.**

“With the healthy food that Food For All provides, I am encouraged to take better care of myself.”

— Roben, FFA client

## OUR RECIPIENTS

24% of FFA's clients have a disability and over half are affected by poor mental or physical health. This means we're an important participant in the lives of those who cannot fully care for themselves. In 2024, we provided food for 1253 children, helping nourish their young bodies and brains for a more wholesome childhood.

## 2024 BY THE NUMBERS

**632,000 LBS.**  
of food distributed,  
enough for 526,500 meals

**94,300 LBS.**  
of rescued food

**15,000**  
volunteer hours

**9,352**  
home deliveries

**300**  
case worker referrals

## OUR VOLUNTEERS

FFA's 45 core volunteers do intake, deliver food, drive trucks, pack bags, and raise funds. They're the backbone of our operation, showing up every week with the spirit of service. Our corporate volunteer program continues to provide meaningful social engagement for local companies.

## OUR SERVICES

FFA's signature program is the delivery of groceries for homebound clients across DC. In 2024, we made over 9300 home deliveries, providing a lifeline for people on low incomes and with little social support. A typical 30-pound delivery includes the major food groups for a balanced diet, and specific items to meet clients' dietary needs.

## OUR PARTNERS

Our strength lies in our productive partnerships for food supply and distribution. In 2024, FFA proudly made its 10,000th home delivery through DoorDash, a vital partner since the pandemic. A constellation of nine organizational partners has enabled us to distribute food resources to a wide range of people, including those recently housed, day laborers, and individuals affected by violence. Together, we are creating a more secure life for many people.
